## Economizer Data Sheet

SECTION 1 Company Attention Address Phone Number e-mail address Site Location Date of Request Due Date Number of Units	CUSTOMER INFORMATION
---	----------------------

**Section2 Flue Gas Analysis - % Weight:**

	Temp (°C)	N2	NO	H2O	O2	HCl	SO2	SO3	CO2	CO	CH4	H2S	H2	NH3	Other
Design															

**Section 3**

Design Information	Design Case	Remark
Flue Gas Flow (Kg/hr)		
Flue Gas Temperature Out (°C)		
Max. Gas Side Pressure Drop (in. w.c.)		
Water Flow (Kg/hr)		
Water Side Design Pressure (Barg)		
Water Side Operating Pressure (Barg)		
Max. Water Side Pressure Drop (Barg)		
Water Temperature In (°C)		
Water Temperature Out (°C)		

Note: Gas side pressure is assumed to be less than 10" w.c. unless otherwise stated.
